*We would love to have you as our guests at our second location – Ortino's Northside – located just a few minutes north on Route 29. After opening the original Ortino's, our food received such a warm welcome from the area that we decided to open a second location with a more eclectic menu to give our customers even more choices. We are sure you will love the different menu items at the Northside and the atmosphere is like none other around. The beer selection is the most extensive in the area with draft and bottled selections from all over the world. So bring the family, friends or that special someone to enjoy either the original Ortino's or Ortino's Northside in Zieglerville. We appreciate your patronage and plan to continue serving great food at great prices!*
